CONSOLIDATED REPORT

ON THE OBSERVANCE OF
"DR. SYAMA PRASAD MUKHERJEE FORTNIGHT"

23 June – 6 July 2026

Department of Electronics and Communication Engineering
Kalyani Government Engineering College

1. Introduction

In accordance with the Government directive and the prescribed programme framework, the Department of Electronics and Communication Engineering (ECE), Kalyani Government Engineering College, observed "Dr. Syama Prasad Mukherjee Fortnight" from 23rd June to 6th July 2026. The observance commemorated the Death Anniversary of Dr. Syama Prasad Mukherjee on 23rd June and his Birth Anniversary on 6th July.

The Department organized a series of academic, creative, environmental, literary and knowledge-based activities during the fortnight. The programmes were designed to create awareness among students and faculty members about his life, vision, contributions, ideals and legacy, while encouraging active participation and meaningful engagement.

2. Objectives of the Observance

- To create awareness about the life, vision, ideals and contributions of Dr. Syama Prasad Mukherjee.
- To highlight his contributions to education, public life and nation-building.
- To encourage students to engage with his speeches, writings and ideological contributions.
- To promote creativity, communication, academic discussion and collaborative participation.
- To connect commemorative activities with environmental responsibility and social values.

5. Overall Participation and Engagement

The fortnight witnessed participation from students and faculty members of the Department of Electronics and Communication Engineering through online and offline activities. The combination of documentary screenings, poster presentations, environmental action, reading, quiz competition and seminar discussion provided diverse opportunities for learning and expression.

6. Major Outcomes

- Enhanced awareness among students about the life, achievements and contributions of Dr. Syama Prasad Mukherjee.
- Promoted academic and intellectual engagement through reading and seminar discussions.
- Developed creativity and visual communication skills through the poster competition.
- Promoted environmental consciousness through the tree plantation drive.
- Encouraged interactive digital learning through online documentary sessions and the quiz competition.
- Strengthened student participation, faculty–student interaction and collaborative learning.
- Reinforced values of leadership, dedication, public service, patriotism and commitment to national development.

7. Conclusion

The Department of Electronics and Communication Engineering, Kalyani Government Engineering College, successfully observed “Dr. Syama Prasad Mukherjee Fortnight” from 23 June to 6 July 2026 through a comprehensive series of academic, creative, environmental, literary and knowledge-based activities.

The fortnight-long observance created sustained engagement with the life, ideas, contributions and legacy of Dr. Syama Prasad Mukherjee. Through documentary presentations, poster-making, tree plantation, reading sessions, quiz competition and seminar discussions, the Department provided students with diverse opportunities to learn, reflect, create, discuss and participate.

The Department sincerely appreciates the coordinators, faculty members, students and all participants whose cooperation and enthusiastic involvement contributed to the successful observance of the programme.
